EDUCATION

Full Stack Web Development (Full Time)
Masai School, Bengaluru
Jan 2023 - Dec 2023

Bachelor of Computer Applications
Gujarat Law Society University
June 2019 - May 2022

TECHNICAL SKILLS

React | JavaScript | Redux | Node.js | Express.js | MongoDB | HTML5 | GenAI | Python | Flask | ChakraUI | TypeScript | Tailwind CSS | Next.js | Git | Firebase

SOFT SKILLS

Collaboration | Problem Solving | Adaptability

INTERESTS

- Gaming

CERTIFICATIONS

- Crash Course on Python
- Programming Fundamentals

Mohammad Hasim Shaikh

Full Stack Web Developer

PROFESSIONAL SUMMARY

Passionate Full Stack Web Developer with a rapid learning ability. Proficient in Generative AI, JavaScript, Python and adept at crafting diverse projects for user and admin interfaces. Committed to continuous learning and innovation, with 1200+ hours of coding experience, 450+ hours dedicated to data structures and algorithms, and 100+ hours invested in soft skill development.

PROJECTS

1. Recipe Swap | 🌐 | 🐙
React.js | ChakraUI | Redux | Node.js | MongoDB | Express.js | Chart.js

- Developed the backend using Express, Node, and MongoDB for Recipe Swap, a community-based recipe-sharing platform.
- Implemented a robust admin system with CRUD operations and a profile icon changing feature.
- Created dynamic charts for data visualization using Chart.js.

2. Talent Forge | 🌐 | 🐙
Python | Flask | MySQL | GenAI | React.js | ChakraUI | Redux

- Cutting-edge job matching platform leveraging the power of GenAI integration.
- Implemented chatbot using OpenAI for a seamless communication experience.
- Executed CRUD operations for user profile, job post, and applications.

3. Trypot Nation | 🌐 | 🐙
HTML5 | CSS | JavaScript | Bootstrap | JQuery | JSONServer

- Contributed to the development of Trypot Nation, a tourism-based website with a focus on holiday package bookings.
- Collaborated with a team of four members to complete the project within a 5-day timeframe.
- Developed sorting and filtering functionality to enhance user experience.
- Created a Mock API to simulate data interactions and facilitate testing.

ACHIEVEMENTS

- **Zoom Marathon Challenge,**
  Masai School
- **Code Express,**
  GLS University
